3. Healthcare & Medical Support

Access to timely and affordable healthcare remains out of reach for many families. MPM's healthcare initiatives are focused on two areas where the need is greatest and most urgent: cancer care and eye care for economically weaker sections of society.

Snehanchal – Support for Cancer Patients

MPM provided generous financial support for the welfare of the community to Snehanchal, an organisation in Nagpur dedicated to the treatment and support of cancer patients, helping ease the financial burden of treatment for families in need.

The contribution has been directed towards the construction of an operation theatre and a new hospital building, thereby strengthening the hospital's healthcare facilities and enabling
